# Speaking about anti-anunnakism

Dear friends, in this article, I'm going to talk about a very delicate topic, which, as I already wrote a lot about the Anunnaki, I feel that I can already talk about it, which is about anti-anunnakism. In this article, I intend to speak in general about anti-anunnakism and to teach anunnaki starseeds and anunnakists who are reading this article how to fight anti-anunnakism.

Starting the article, we need to talk about who is the "father" of antianunnakism, which is Zecharia Sitchin. Sitchin, in addition to being the father of modern antiannnakism, was also responsible for starting this of fallenangelism / nephilimism, where all non-human and extraterrestrial life forms are fallen angels / nephilim.

In addition, Sitchin was responsible for creating several anti-Anunnaki narratives, such as that the Anunnaki manipulated humans, enslaved humans, implanted patriarchy in humans, imposed religion on humans, among various horrible and disturbing things that thousands or even millions of people they believe and read every day, being rewritten and reinvented by several new antianunnaki narratives derived from Sitchinism, but all circulating Sitchinism.

Not forgetting, too, intergalactic Christianity and UFO fascism, which are fueled by sitchinism in order to make it appear that the Galactic Federation of Light (together with intergalactic Christianity) is the salvation of humanity and the Anunnaki are humanity's greatest enemies, with reptilians and draconians.

As I already said in the articles about the Anunnaki before this one, I have already deconstructed a great part of those horrible things that Sitchin wrote about the Anunnaki, that whoever is interested, just read my other articles about Anunnaki before this one. Anunnaki never enslaved humans, Anunnaki helped humans in various matters, and Anunnaki lived in an equiarchy system and yet Anunnaki women were (are) stronger and more powerful than Anunnaki men, as in the case of Tiamat and Ki. In addition to the Anunnaki being neither fallen angels nor Nephilim, but beings like humans on a higher level of existence and with powers, where Anunnaki go back and forth to the higher worlds just as humans leave from one place to another.

On the issue of draconians and reptilians, the Anunnaki are enemies of both. Draconians and reptilians have always tried to intervene in Anunnaki issues and to attack Anunnaki in every way possible, but Anunnaki have always resisted this and fought against it and still resist and still fight.

Now, on the question of intergalactic Christianity and UFO fascism, I have already made an article on the need to deabrahamize spirituality and to fight intergalactic Christianity and UFO fascism, the Galactic Federation has a eugenic plan for Earth, to impose Christianity intergalactic and neoliberal fraternalism on Earth and integrate the Earth as a planet of the galactic federation and still use humans. While the Anunnaki want to integrate Earth into the Anunnaki Empire, implant the Anunnaki model on Earth and make humans into mythical beings, the Anunnaki have tried to do so, but unfortunately, the Galactic Federation has ruined everything.

With that, going back to the introduction, for the Anunnaki starseeds and Anunnakists. How to fight anti-annakanism and anti-anunnaki? Well, there is not much secret about it, basically we need to strengthen my (our) narrative about the Anunnaki (our race), in order to occupy part of the space, at least 50%, of the space of the Antianunnaki narrative, in order to balance both narratives. And, of course, to focus on unraveling spirituality and defending the implantation of the Anunnaki model on Earth, thus making the Earth at least a planet with the Anunnaki model and an independent part of the Anunnaki Empire.
